Interested in international affairs?

Then we'd like to introduce you to the

Wolfsburg International Friends' Association Wolfsburg e. V. (IFK)

The „Internationaler Freundeskreis Wolfsburg e. V.“ (IFK) provides a forum for members of the public to exchange information, opinions and experience with regard to international affairs and the impact of increasing globalization on Wolfsburg. It is a meeting place for people from different national, cultural and religious backgrounds whose commitment to integration, equal rights and intercultural exchange is geared towards the cultivation and promotion of mutual understanding and tolerance.

The Internationaler Freundeskreis Wolfsburg e. V. was founded in spring 2006 by local citizens and the City of Wolfsburg. Our goal is to reinforce and develop Wolfsburg's image and reputation as an open, tolerant and forward-looking city.

The Association supports the City of Wolfsburg in its efforts to maintain and expand its sister-city relationships along with other existing and future international initiatives. Our aim is to contribute towards peaceful and harmonious coexistence between German and foreign citizens in Wolfsburg as well as towards international understanding. Particular emphasis is placed on the promotion of activities in the areas of youth affairs, education, culture and sport.

In addition, the Internationaler Freundeskreis Wolfsburg e. V. organizes lectures and discussion evenings on current international topics, as well as musical and social events. Regular members' meetings are also held.

By networking with key individuals and internationally oriented institutions in Wolfsburg we are able to achieve a high level of interaction and cooperation.
